GENUINE MINI KIT
THE NEW MINI HATCH.
FROM 03/14
With the New MINI Hatch there is so much more you can do than just pick the paint colour. The beauty of MINI means, no matter what your model of choice, you can make it almost as individual as you are. So from high-quality alloy wheels, unique exterior detailing to our iconic roof decals – the fun really starts here.

MINI NEVER STANDS STILL.

MINI UK reserves the right to introduce improvements or modifications to specifications or cost. A visit to your MINI Dealer is the best way to keep up-to-date.

STYLE AND FLAIR. VIVID GREEN MINI KIT.

A design with pure, bold colours, projecting a young and effervescent character. Above all, its vibrant design emphasises the uniqueness of MINI.
Lend your MINI an inimitable character – your own. With MINI KIT you can fully express your personality. Take the new Speedwell Blue accessories for example, which are resolutely British in style and a nod towards MINI’s heritage.

KEEP IT WILD.
MINI JOHN COOPER WORKS TUNING.
JOHN COOPER WORKS PRO MINI KIT.

Nothing can compete with a MINI and John Cooper Works Tuning. Our comprehensive aerodynamic package blows pretty much everything away – even the oncoming wind.

The components exude a sense of confidence and poise, starting with the front apron with Black ventilation grille, which underlines the vehicle’s power. The side skirts in body colour form a muscular line stretching to the rear of the MINI, where a rear apron with Black fins completes the package. An optional rear spoiler ensures the vehicle’s raw power stays where it belongs – on the road.

Want to take things to the next level? Our range of light-alloy wheels are guaranteed to turn heads. The John Cooper Works Pro rear-view and exterior mirror housings will catch the eye too. Looking for even more? Then look no further than the bonnet stripes, JCW Pro Side Stripe in Jet Black or Chili Red or the sporty JCW Pro Flag Side Stripe – translucent in design to compliment all exterior paint finishes. And if that’s still not enough, add the John Cooper Works Pro air intake trim in Carbon, and you’ve got a drive worthy of the racetrack. Ladies and gentlemen, start your engines.

The John Cooper Works Pro Flag Side Stripes decal is matte translucent and is suitable for all paint colours.

Please note: Certain John Cooper Works Pro KIT items mentioned are not available until later in 2014. Please contact your Dealer for further information.
KEEP IT WHEEL.

EXTERIOR DESIGN.

GET AROUND.

KEEP ON ROLLING: RUNFLAT TYRES.
How can you keep driving after a puncture without changing the wheel? Easy. With runflat technology. The sidewalls of the tyres are specially reinforced and made of an extremely heat-resistant rubber compound. Together with humps on the rim, this prevents the tyre from detaching after a complete loss of pressure, even when cornering. As a result, there is no need to change the wheel. Depending on the load you are carrying, you can keep going at speeds of up to 50 mph for a further 50 miles.

A STAR PERFORMER.
Whenever you purchase new tyres, look out for the five-pointed star of the Genuine MINI range. Positioned on the sidewall, this indicates the product has been put through its paces by MINI in conjunction with leading tyre manufacturers. These tests guarantee that the tyre meets all key safety, responsiveness and comfort requirements, and have been put together with your MINI in mind. For more information on wheel/tyre combinations and winter complete wheels, please see the product overview at the back of this catalogue, or the Accessories area of the MINI website.

ADDITIONAL HEADLIGHTS.

Available in chrome or black, the additional headlights integrate perfectly with the design of the New MINI Hatch.

The additional headlights cast twice as much light onto the road, whilst the embossed MINI logo on the lenses allow the headlights to be recognised immediately as a Genuine MINI accessory.

The installation process has been simplified, making installation a piece of cake.

**MINI CLICK & DRIVE SYSTEM.**
The MINI Click & Drive System comprises a base carrier for navigation devices that combines functionality and design in a unique way. The cradle is optimally positioned so that the driver always has the navigation device in his field of vision while driving. The Click & Drive add-on builds on the tried-and-tested BMW Click & Drive System, however it follows a new design.

- Perfect view: The new attachment point behind the speedometer ensures a completely clear field of vision
- Swiveling cradle, ergonomically operated and visible from all positions
- Exchangeable spars boasting MINI lettering in high-gloss black
- Base carrier becomes virtually invisible when folded away

**PORTABLE NAVIGATION XL.**
Features include active lane guidance to help you find the correct lane at all times, automatic voice recognition to enter destinations and an innovative splitscreen function to show the map and actual driving direction with route and traffic signs.

At a fitted price of £359, the Click & Drive System, coupled with the portable navigation XL, is the perfect co-driver.

THERE IS AN EASIER WAY TO PROTECT YOUR MINI.

MINI Seal & Protect is a paint, interior and cloth upholstery protection system from MINI designed to keep your paint perfect, your cloth clean and your MINI looking mint.

With MINI Seal & Protect we’ll give your car a showroom shine with MINI Hard Wax. This super-smart wax has more than one trick up its sleeve. Not only does it improve the water-repellence and surface resilience of your paintwork, but it also actively enhances it, meaning your beloved MINI will stay looking as good as new.

It doesn’t stop there. The inside of your car gets just as much attention from the MINI Seal & Protect team. The MINI science bods have developed an impregnating agent that is applied to your cloth upholstery and carpets, protecting them against the damaging effects of moisture and keeping the inside of your MINI in top shape.
