THE NEW BMW 5 SERIES TOURING.

With new Modern and Luxury models in addition to SE and M Sport, the new BMW 5 Series Touring allows you to create a vehicle as individual as you are. Exterior features are defined by redesigned Xenon Headlights incorporating an LED eyebrow for a more focused look, whilst the kidney grille and front bumper give an increased dynamic stance. At the side, the signal indicators have been repositioned to the exterior mirrors. With Dakota leather and BMW Professional Multimedia Navigation system standard on Luxury models and BMW Business Advanced Navigation system on SE, Modern and M Sport, the new BMW 5 Series Touring will always provide an unforgettable drive.

BMW EFFICIENT DYNAMICS.

EfficientDynamics is BMW's award-winning programme of technologies designed to reduce CO₂ emissions and improve fuel economy, without compromising on performance or driving dynamics. These technologies are standard on every new BMW and could lower your fuel and tax costs, as well as ensure a lower benefit in kind tax rating for company car drivers. You can find out more about the benefits of BMW EfficientDynamics, as well as compare your own vehicle against any BMW 5 Series Touring model at www.bmw.co.uk/EfficientDynamics

STANDARD EQUIPMENT HIGHLIGHTS.

A GUIDE TO TRIM LEVELS.

The new BMW 5 Series Touring is available in a variety of trim levels, each providing a different level of standard specification. These tables highlight some of the equipment differences between them, whilst further details can be found in the new BMW 5 Series Touring model Brochure.

SE models

- 17" light alloy V-spoke style 236 with run-flat tyres
- Air conditioning, automatic with two-zone control
- Air conditioning, automatic with four-zone control (550i)
- Bluetooth hands-free facility
- BMW ConnectedDrive Services, comprising:
 - BMW Emergency Call
 - BMW TeleServices
- BMW Professional radio with single CD player (with MP3 playback capability)
- Control Display – 6.5" colour display screen
- DAB tuner
- Dakota leather upholstery
- Door sill finishers, illuminated (550i/535d)
- Drive Performance Control with ECO PRO, Comfort and Sport modes
- EU6 emissions management
- Exhaust tailpipes, Chrome
- iDrive Controller with shortcut buttons
- Kidney grille, Chrome with Chrome-fronted and Black-sided vertical slats
- Navigation system – BMW Business Advanced
- Park Distance Control (PDC), front and rear
- Rain sensor with automatic headlight activation
- Rear-view mirror, automatically dimming
- Roof rails, Matt Aluminium
- Six-speed manual transmission
- Standard seats – front, part-electric adjustment
- Tailgate operation, automatic
- Tailgate window, independent opening
- Xenon Headlights with Headlight wash

RRP from £31,810 inc. VAT

Modern models (In addition / replacement to SE models)

- 18" light alloy Turbine-spoke style 452 with run-flat tyres
- Dakota leather upholstery with Exclusive stitching
- Door sill finishers, illuminated with BMW designation
- Exhaust tailpipes with Matt Chrome finisher
- Exterior B pillar and mirror base housing – Black, High-gloss
- Exterior door handles, illuminated with Chrome strip
- Exterior trim, Matt Aluminium
- Foglights, front LED
- Front air inlet with Matt Chrome finisher
- Interior trim, Dark Pearl
- Kidney grille, Chrome fronted with Matt Chrome vertical side slats
- Rear bumper with Matt Chrome finisher
- Remote control, including integrated key, in Oyster with inset in Matt Chrome
- Sport multi-function leather steering wheel, three-spoke
- Sport seats – front, part-electric adjustment

RRP from £33,810 inc. VAT
+ £2,000 over SE

STANDARD EQUIPMENT HIGHLIGHTS.

Luxury models (In addition / replacement to SE models)

- 18" light alloy Multi-spoke style 454 with run-flat tyres
- 20GB hard disc drive (HDD) memory
- BMW ConnectedDrive Services comprising:
 - BMW Apps interface
 - BMW Online Services
 - Real Time Traffic Information
- Dakota leather upholstery with Exclusive stitching
- Door sill finishers, illuminated with BMW designation
- Exhaust tailpipes with Chrome finisher
- Exterior B pillar and mirror base housing – Black, High-gloss
- Exterior door handles, illuminated with Chrome strip
- Foglights, front LED
- Front air inlet with Chrome finisher
- iDrive Touch Controller with shortcut buttons
- Interior trim, Fineline Anthracite wood
- Kidney grille, Chrome plated
- Navigation system, BMW Professional Multimedia
- Rear bumper with Chrome finisher
- Remote control, including integrated key, in Black with inset in Chrome
- Sport multi-function leather steering wheel, three-spoke
- Voice Control

RRP from £34,610 inc. VAT
+ £2,800 over SE

M Sport models (In addition / replacement to SE models)

- 18" light alloy M Double-spoke style 613 M with run-flat tyres
- Door sill finishers with M designation
- Exhaust tailpipes, Dark Chrome
- Exterior trim, High-gloss Shadowline
- Foglights, front LED
- Headlining, Anthracite
- M aerodynamic bodystyling
- M designation on front side panels, left and right
- M Sport multi-function leather steering wheel, three-spoke
- M Sport suspension (can be deleted)
- Sport seats – front, part-electric adjustment

RRP from £34,610 inc. VAT
+ £2,800 over SE

Please note that some equipment may be replaced when selecting alternative trim levels. Standard equipment may also vary depending on engine variant.

OPTIONAL EQUIPMENT HIGHLIGHTS.

PARK ASSIST.

An advanced parking system that makes parallel parking as easy as possible.

- Your BMW searches and identifies an available space at speeds below 20 mph
- A simple press of a button enables your BMW to autonomously park itself
- The system automatically controls the gear selection, steering, acceleration and braking for an effortless arrival at your destination

See page 19

HEAD-UP DISPLAY.

Keep both hands on the wheel and eyes on the road. First adopted from the aviation industry, BMW has been pioneering in-car Head-up Display for a decade now.

- Important driving information is projected directly into your line of sight
- A full colour TFT display delivers crisp and clear information in all light conditions
- The information displayed can be customised according to driver preferences, such as current speed and navigation instructions

See page 19

ADAPTIVE HEADLIGHTS.

Combine with High-beam Assistant to deliver an intelligent system that provides optimum illumination of the road ahead without glaring other road users.

- Independent beam distribution for enhanced safety due to improved road and cornering visibility
- Fully autonomous system allowing you to stay focused on the road ahead
- The system works at all speeds and varying light conditions

See page 19

SOFT-CLOSE DOORS.

Ensure that the doors of your BMW are securely closed with minimum effort.

- When the door is within approximately 6mm of the lock, an electric motor pulls the door securely and quietly closed
- Graceful convenience that can be enjoyed by all passengers when both entering and exiting your BMW

See page 21

Figures in () apply to cars with automatic transmission. Insurance group figures refer to 50 Group Rating System.

VED rates

VED rates for brand new cars are determined by their CO₂ emissions figure.
First year VED applies to the first year of ownership. Annual VED rates apply thereafter.
The new BMW 5 Series Touring models fall into one of the seven categories listed below:

CO ₂ emissions (g/km)	Band D 121-130	Band E 131-140	Band F 141-150	Band G 151-165	Band H 166-175	Band I 176-185	Band K 201-225
First year VED	£0	£125	£140	£175	£285	£335	£620
Annual VED (second year onwards)	£105	£125	£140	£175	£200	£220	£280

¹ = BIK tax rate and VED band dependent on chosen wheel size.

On the road price

The recommended on the road price includes:	
Delivery and BMW Emergency Service	£700
Number plates	£25
Vehicle first registration fee	£55
First year Vehicle Excise Duty	See left

BMW CONNECTED DRIVE SERVICES.

1. General information

BMW (UK) Limited of Ellesfield Avenue, Bracknell, Berkshire, RG128TA (hereafter referred to as "BMW") provides the customer with vehicle-specific information and support services under the name "BMW ConnectedDrive" (hereinafter referred to as "Services"). Except where the following description of the individual Services explicitly states otherwise, BMW does not collect, store or process customer data for the Services listed here. For the provision of Services for which the collection, storage and processing of personal data is necessary, the customer shall be informed in advance in order to obtain his/her consent. Services are provided by means of a SIM card installed in the vehicle. Call and data-connection costs are included in the price of the Services. Insofar as it is necessary for the substantive organisation and utilisation of the Services BMW collects, stores and processes vehicle-related data within the legal stipulations.

2. BMW ConnectedDrive basic Services

The BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) have already been activated at the point of vehicle transfer.

a. TeleServices (6AE)

The "TeleServices" Service ensures the mobility of the customer. If required or when triggered or commissioned by the customer, the vehicle's technical data (e.g. service information concerning wear parts, vehicle-status information such as check-control notifications, battery-charge status, data for identifying and locating the vehicle in the event of a breakdown) shall be transferred to BMW. In the event that a service is required, these items of data shall be forwarded to the responsible service partner, BMW Mobile Care or respective service providers for the purposes of making contact and arranging an appointment, where they shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties. On occasion technical data shall be transferred from the vehicle to BMW where it shall be evaluated to aid the further development of BMW products. This is known as the "Teleservice Report". This data is exclusively technical, vehicle-related data. Other data such as positioning data shall not be transferred as part of the "Teleservice Report". The "TeleService Battery Guard" continuously monitors the battery-charge status of the vehicle. If the battery-charge status falls below a fixed value, the responsible service partner will be informed. The responsible service partner will then contact the customer if necessary to arrange a service appointment. By registering in the BMW ConnectedDrive Customer Portal, the customer can also be informed about a critical battery status by SMS message or email, for example if the parking lights, side lights or hazards are left on.

b. BMW Emergency Call (6AC)

The vehicle's identification and location is required for the use of the "BMW Emergency Call", and it is also necessary to transmit the information required to provide assistance to the respective emergency-service centre. The user's request and the data required may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties.

3. BMW Online Services (6AK)

The "BMW Online" (6AK) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The vehicle's identification is required for the use of the Service and it shall also be necessary to process the information required to provide assistance. The data shall then be deleted. When Points of Interest queries are used, the customer request may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

4. Information Plus (6AN)

The "Information Plus" (6AN) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

To use the Service, the customer is connected to the BMW call centre at the push of a button using the integrated telephone unit. In this way, data concerning the vehicle's identification, location and – if route guidance is activated – the selected route may be transmitted to the service providers commissioned by BMW to provide the Service – in that case, this data shall only be used to help process the provision of the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

5. Real Time Traffic Information (6AM)

The "Real Time Traffic Information" (6AM) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The traffic information required for the Service is calculated by a variety of means including using what is known as Floating Car Data. In this sense, every ConnectedDrive-capable BMW functions as a "mobile traffic reporter" (Floating Car). The individual position and sensor data of the vehicle calculated during the trip is transferred – completely anonymously – to BMW and a service provider together with up-to-date time information.

6. Internet (6AR)

The "Internet" (6AR) Service runs for a period of one year after the vehicle's first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

7. Remote Services (6AP)

Use of the "Remote Services" (6AP) either upon request to BMW Customer Support or via the "My BMW Remote" smart-phone application requires registration in the BMW ConnectedDrive Customer Portal.

8. Availability of the Service

The complete range of Services is only available for customers whose vehicles are approved in United Kingdom, and only within United Kingdom.

"BMW Emergency Call" (6AC) is available to customers in United Kingdom, Germany, Austria, Italy, France, and the Netherlands. "TeleServices" (6AE), "Information Plus" (6AN), "Remote Services" (6AP) and "BMW Online" (6AK) can be accessed on any mobile communication network in Europe. When used abroad, the range and characteristics of the service may vary from the range and characteristics described above and may vary from country to country. "Real Time Traffic Information" (6AM) is available in United Kingdom, Germany, Italy and France. The "Internet" (6AR) service is only available in United Kingdom.

9. Deactivation

The customer may have the BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) deactivated at any time at an authorised BMW Dealer, a regional BMW branch or an authorised BMW workshop. Deactivation of this Service will also deactivate the SIM card installed in the vehicle. This results in the Emergency Call in the vehicle also not functioning. The other Services can also be deactivated by the customer (from November 2013) via the BMW ConnectedDrive Customer Portal ("My BMW ConnectedDrive").

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see:

www.bmw.co.uk/connecteddrive-information

The BMW ConnectedDrive Hotline is available on:
+44 (0) 800 561 0555 from Monday to Sunday, 9:00 – 18:00.
